

## About the Journal

The IJSTI - International Journal of Science Technology and Innovation is a cutting-edge platform dedicated to advancing knowledge and fostering interdisciplinary research in the fields of science and technology. IJSTI aims to serve as a pivotal resource for scholars, researchers, and professionals worldwide who are engaged in pushing the boundaries of innovation. The journal welcomes contributions across a wide spectrum of disciplines including but not limited to engineering, computer science, biological sciences, environmental sciences, materials science, and physics. With a commitment to rigorous peer review and high editorial standards, IJSTI promises to be a prominent avenue for disseminating groundbreaking research and promoting dialogue among experts in the global scientific community.

Year (Starting year of publication): 2024

Frequency of the publication: Two issues per year

Publication Format: Online

Related Subject and Title: Multidisciplinary Subjects

Language: English

## Editorial Policy

IJSTI is a peer-reviewed journal dedicated to publishing high-quality research in the fields of science, technology, and innovation. The journal aims to disseminate knowledge and foster advances in these areas by providing a platform for researchers, practitioners, and policymakers to share their findings and insights.

## Publication Policy

IJSTI accepts original research articles relevant to various areas of Science, Technology, and Innovation, especially discussing theoretical research and meaningful numerical computations. The journal provides a platform for discussing problems and solutions of contemporary engineering challenges along with technological modifications adaptable for tackling societal and environmental challenges, and futuristic computational concerns.

## Editorial Independence

Decision-Making: Editorial decisions are made independently by the editorial board and reviewers, free from influence by advertisers or other external entities.

Freedom from Bias: IJSTI is committed to ensuring that all editorial decisions are based solely on the scientific merit and relevance of the work.

## Advertising Policy

Acceptable Advertisements: The journal may include advertisements that are relevant to its readership. However, advertisements must not influence editorial decisions.

Separation from Editorial Content: Advertisements will be clearly distinguished from editorial content to maintain the integrity of the journal

Year 2024, Vol.1, No.1, IJSTI, 2024 January – April; Vol. 1(1)
