

THARANG 2K25 OFFLINE EVENTS

Tharang 2K25, a technical festival, conducted a series of offline events on February 22-23 Feb, 2025. The events were held at the KKMMPTC, Kallettumkara College campus and featured various technical and cultural competitions.

The college-level Technical Quiz was conducted on 22nd February 2025, from 1:00 PM to 5:00 PM, at L1, L2, and the Circuit Lab. With 58 teams registered and 49 teams participating, the event assessed students' technical knowledge and problem-solving abilities. Abhishek and Vishnuprasad from the College of Applied Science, Nattika, secured first place, followed by Riya, Amin Niman, Muralidhar P, and O.R from the College of Engineering, Kallooppara, in second place. Bolandar and Abhinav A.S from the College of Applied Science, Parappanangadi, secured third place. The quiz was a tremendous success, featuring enthusiastic participation and commendable performances from all teams.

CYBO RACE

ROBO RACE

9809527521

On February 22, THARANG 2K25, the Open Court at K.K.M.M Polytechnic College (KKMMPTC) played host to the highly anticipated Cybo Race event with Mrs. Sreelekha serving as the esteemed judge. This thrilling competition brought together students from KKMMPTC and other institutions, all vying for top honors in the field of robotics. The event, which took place from 1:30 pm to 2:50 pm, witnessed a remarkable turnout of 9 participants out of 11 registrations. offered participants the convenience of both online registration and spot registration facilities. This flexibility ensured that a maximum number of students could take part in the competition, showcasing their robotics skills and competing in an exciting race. The Cybo Race event was a resounding success, with participants demonstrating exceptional talent and innovation in their robotics projects. After a fiercely contested competition, the winners were announced. Adarsh A.S. and Vivek A.S. emerged as the winners of the Roborace event, taking home the first prize. Akshay Krishna and Aswin V.A. secured the second position, while Sushmith M.S. and Gopika K.S. won the third prize. The event was well-organized, with the participants and organizers alike praising the smooth execution of the competition. The Cybo Race event served as a platform for students to showcase their skills, learn from their peers, and gain valuable experience in the field of robotics. In conclusion, the Cybo Race event was a thrilling competition that brought together talented students from various institutions. The event was a testament to the excellence of KKMMPTC in promoting innovation and talent in the field of robotics. Congratulations to all the winners and participants, and we look forward to future events that showcase the exceptional skills of these talented students.

ELECTRONICS manpower development

Type Racing was conducted on 22nd February 2025, from 1:00 PM to 5:00 PM, at Venue 5 With 61 registrations and 52 participants, the event assessed student's technical knowledge and problem-solving abilities. Based on the speed and accuracy of typing results are selected. Aravind R from the College of Engineering, CHENGANNUR, secured first place, followed by THUSHAR PRADEEP from the College of Applied Science, Kozhikode, in second place. Ahammed Yaseen P A from the College of Applied Science, Nattika claimed third place. The Type Racing was a great success and commendable performances from all teams.

The poster is for the 'DESIGN DIVE COMPETITION' organized by IHRD Tharang 2K25. It features the IHRD logo at the top left, which includes a crest with 'ELECTRONICS' and 'Manpower Development' text, and the text 'IHRD' below it. The main title 'DESIGN DIVE COMPETITION' is in large yellow and black letters. Below it, the 'FIRST PRIZE 3K' and 'SECOND PRIZE 2K' are listed. To the right is the IHRD THARANG 2K25 logo, which consists of a stylized blue water drop above the text 'IHRD THARANG 2K25'. The poster also includes a QR code for registration, the date 'FEBRUARY 23 10:00 AM - 12:00 PM', and the contact number '9539465928'. A blue speech bubble on the left says 'ENTRY FEE 200₹ MODE OFFLINE'. Another blue speech bubble on the right says 'REGISTER NOW'. A yellow speech bubble on the left says 'Limit 35'. The bottom half of the poster features a graphic of a computer monitor displaying a design interface, surrounded by a pencil, a ruler, a lightbulb, and gears.

The Design dive event held from 10 am to 12 pm, witnessed a remarkable turnout of 21 participants out of 23 registrations. The event offered both online and spot registration facilities, ensuring a seamless experience for attendees. The competition took place in venue 5 and 7, with Lisha P P serving as the esteemed judge. After a fierce contest the winner were announced. Godly K Mathew from college of Engineering, Kallooppara secured the first prize, while Abin K J from College of Applied Acience, Chelakkara and Joyal John Mathew from College of Applied Science, Adoor took home the second and third prize respectively.

The Circuit Fusion event was a resounding success, bringing together talented individuals from various colleges to showcase their skills in circuit design and development. The event was meticulously organized by the staff coordinators, Suneeta Menon, Jishore C K, and Ajmal K A. The event was held on a predetermined date and attracted a total of 13 registrations, with 11 participants taking part in the competition. Two participants registered on the spot, demonstrating the enthusiasm and interest in the event. The competition was fierce, with participants showcasing their innovative designs and technical expertise. After a thorough evaluation process, the winners were announced. Krishna Priya V U from the College of Engineering Cherthala took the top spot, followed by Midhun Krishna M from the College of Applied Science Vadakkenchery, who secured the second position. Karthik S from the College of Engineering Chelakkara claimed the third spot. The winners were selected by Kuriachan D, who brought their expertise to the judging process. The evaluation was based on various criteria, including innovation, technical soundness, and presentation. The Circuit Fusion event provided a platform for students to demonstrate their technical skills and creativity. The success of the event is a testament to the hard work and dedication of the staff coordinators and the enthusiasm of the participants.
